Foreword

This standard replaces GB/T 13384—1992, *General specifications for packaging of mechanical and electrical products*, and GB/T 15464—1995, *General-purpose specification for the packaging of instrumentation products*.

There have been some changes in this national standard over the GB/T 13384—1992 and GB/T 15464—1995 in the following aspects:

- general is changed to the basic requirements;
- incorporate the contents related to the manner of packing and method of protection packing;
- define the reference standards for selection of wood and allowable defects of all parts of wood; modify the requirement for moisture content; add the requirement for wood fumigation;
- add the requirements for manner of strengthening packing case of other materials;
- define the reference standards for the protection packing; simplify the standard contents;
- define the reference standards for the test items; cancel the test items selected concretely; simplify the standard.

This standard is under the jurisdiction of National Technical Committee of Standardization for Packing (SAC/TC 49).

The responsible drafting organizations are Shenzhen MYS Environmental Protection & Technology Company Ltd, China Academy of Machinery Science & Technology, China Productivity Center for Machinery

The chief drafting staff of this standard includes Huang Xue, Cai Shaoling, Liu Ping, Zhang Xiaojian, Ren Guang

This standard replaces the following historical editions issued:

- GB/T 13384 - 1992
- GB/T 15465 - 1995.

General Specifications for Packing of Mechanical and Electrical Product

1 Scope

This standard specifies the basic requirements, manner of packing, method of protection packing, technical requirements, test method, marking and enclosed documents for packing of mechanical and electrical products, instrumentation products.

This standard is applicable to the transport packing of mechanical and electrical products, instrumentation products, etc.

2 Normative References

The articles contained in the following documents have become this standard when they are quoted herein. For the dated documents so quoted, all the modifications (excluding corrections) or revisions made thereafter shall not be applicable to this Standard. For the undated documents so quoted, the latest editions shall be applicable to this Standard.

GB/T 191 Packaging - Pictorial marking for handling of goods (GB/T 191 - 2008, ISO 780:1997, MOD)

GB/T 4768 Mould-proof packaging

GB/T 4857(all parts) Packaging - Basic tests for transport packages

GB/T 4879 Rustproof packaging

GB/T 4892 Dimensions of rigid rectangular packages - Transport packages

GB/T 4897 (all parts) Particle board

GB/T 5048 Moisture-proof packaging

GB/T 5398 Test methods for large transport packages (GB/T 5398 - 1999, neq ASTM D1083 :1991)
