<b>Annex B (Informative)</b> .....	12

## **Foreword**

The standard is stipulated aims to implement the Solid Waste Pollution Environmental Protection Law of People's Republic of China, prevent environment pollution in the process of Hazardous Waste Storage and strengthen the supervision management of Hazardous Waste Storage.

The standard stipulates general requirements of Hazardous Waste Storage and the requirements of packing, site selection, designing, operation, safety protection, monitoring and closedown of storage facilities.

The standard is promulgated in the first time.

Annex A of this Standard is normative annex. Annex B is informative annex.

This Standard is proposed by Scientific and Technological Standard Department of National Environmental Protection Bureau.

Environmental Scientific Research Institute of Shen Yang is in charge of drafting the standard.

This Standard is issued by National Environmental Protection Bureau on November 26, 2001.

National Environmental Protection Bureau is responsible for explaining the standard.

# Standard for pollution control on hazardous waste storage

## 1 Subject and Application Range

### 1.1 Subject

The standard stipulates general requirements of Hazardous Waste Storage and the requirements of packing, site selection, designing, operation, safety protection, monitoring and closedown of storage facilities.

### 1.2 Application Range

The standard is suitable for the pollution control and supervision management of all hazardous wastes (except gangues) and the producer as well as manager of hazardous waste.

## 2 Quotation Standard

The articles of this standard are formed by quotation. The articles of standard listed below have the same effect compared to this standard.

GB16297-1996 Comprehensive discharging standard of air pollutant

GB8978-1996 Comprehensive discharging standard of waste water

GB5085.1-3-1996 Identification standard of hazardous waste

GB 15562.2-1995 Graph sign of environmental protection-Storage (disposal) place of solid waste

GB 14554-93 Discharging standard of stench pollutant

GB/T1555.1-12-95 Determination of extraction toxicity for solid waste

Use new version when the standard is revised.
